EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Dennis LaPointe on July 19, 2006.

The application has been amended as follows:

In The Claims:

- In Claim 1, line 15 the phrase, "being full power" has been replaced with - -comprising a power assist unit- -.
- In Claim 1, line 21, the phrase "in the general form of a wheel" has been deleted.
- In Claim 1, line 22, the word "side" has been changed to - -outside- -.
- In Claim 1, line 25, the phrase, "is not in front or behind a direction of travel of the cable and thereby" has been deleted.

The following is an examiner's statement of reasons for allowance: the prior art of record taken as a whole does not teach or render obvious the combination of Claim 1 including said handle means being located on the outside of the one of the ends of the drum and outside an envelope of the cable oscillation movements of the cable guide.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
